

Sign language advice films

Community Legal Advice (CLA) has created a set of films that give advice in British Sign Language (BSL) to people who have large debts, have been made redundant or are at risk of losing their home. The advice is in BSL, but a voiceover and subtitles have been added. We recommend the following films:

- Dealing with debt
- Losing your home
- Dealing with rent problems - if you rent privately
- Claiming benefits
- Problems with schools
- Care proceedings.

There are also other titles, 'Fair treatment at work - your rights if you are disabled' and 'Your rights at work', but these are not up-to-date.

All these films are available on the CLA website at www.communitylegaladvice.org.uk
